ABOUT ME

After many years of being a graphic designer, I decided to go into development. It seemed like the perfect blend of both creative and strategic thinking. It allows me to combine my love of design with development, and gives me the opportunity to create even more.

Short Skills

HTML5 · CSS3 · JavaScript · React · Git/GitHub · JSON
.NET · C# · Adobe Photoshop · Adobe Illustrator · Adobe
InDesign · Adobe After Effects · Wordpress · Squarespace

PROJECTS

Huzzah | Personal | [GitHub Repository](#)

A CRUD web application that allows you to track daily habits, and allows you to reward yourself for achieving those habits.

React.js, React Bootstrap, JSX, CSS3, JavaScript, JSON

Nutshell | Group | [GitHub Repository](#)

A social dashboard that allows users to share articles, add tasks, add and message friends, and save upcoming events. I was personally responsible for the tasks section, part of the friends section, and the modal pop ups for each component.

JavaScript, HTML5, CSS3, JSON
